You may create persistent links to CRC ENGnetBASE e-book titles by either looking up the title using the search box on the Seneca Libraries homepage or within the CRC database itself.

******************************************************************************

A. From the Seneca Libraries homepage (http://library.senecacollege.ca):

1. Find the CRC ENGnetBASE e-book for which you would like to create a link:

   ![Image of the Seneca Libraries homepage search results for "acoustics of small rooms"]

2. Click the title to open up its detailed record:

   ![Image of the detailed record of "Acoustics of Small Rooms"]

3. Click “PERMALINK” and copy the URL you are given:

   ![Image of the PERMALINK button in the detailed record page]
4. Test all links before posting via e-mail, to course webpages, etc.

****************************************
B. From within the CRC ENGnetBASE database itself
(http://library.senecacollege.ca/res/crc_engnetbase.html):

1. Display the e-book to which you are interested in linking:
2. Copy the URL from the address bar and replace everything before /books with:

The resulting combination for the example above would be
https://libaccess.senecacollege.ca/login?url=https://www.taylorfrancis.com/books/9780203869246 and is a persistent link to this specific e-book, accessible off-campus using one’s Seneca username and password. Test all links before posting via e-mail, to course webpages, etc.
