OBTAINING PERSISTENT LINKS TO VIDEOS

KANOPY

Individual Titles

1. Find a film that you are interested in:

2. Click “Share”.

3. Copy-and-paste the URL given in the “Share link” box into a text editor.

4. Add this to the beginning of it:

   “https://libaccess.senecacollege.ca/login?url=

So in the example,
https://libaccess.senecacollege.ca/login?url=https://senecac.kanopy.com/video/nova -scienconw-how-smart-are-animals would be a persistent link to the specific film above, accessible both on- and off-campus.

5. Test all links before posting via email, course webpages, etc.

Last Updated: 3 September 2019.
Playlists

1. You may also create and share your own playlists of Kanopy films. Once signed into Kanopy, click your name in the upper-right corner and then click “My Dashboard”...

![Image of Kanopy interface]

2. At your Dashboard, click “My Playlists”...

Last Updated: 3 September 2019.
3. Click “Create a new playlist” and give your playlist a title:
4. Use “Click here to add a new clip” to add clips to your list (a tutorial on how to do this, including how to add not just whole films but parts of films, is available here).

5. Once you have created your playlist, pull it up by clicking your name again followed by “My Dashboard”, and then click “My Playlists”:

Last Updated: 3 September 2019.
6. Click “Share/Embed” and copy-and-paste the URL given in the "Share link" box into a text editor:

7. Add this to the beginning of it:

"https://libaccess.senecacollege.ca/login?url="

So in the example, https://libaccess.senecacollege.ca/login?url=https://senecac.kanopy.com/playlist/5895791 is a persistent link to the playlist of Canadian films above, accessible both on- and off-campus.

8. Test all links before posting via email, course webpages, etc.
